1. All fuel stocks in the district of Schwerin were requisitioned during the night of 26 to 27 August 1952. No private motor vehicles were to be used. The communal motor pools (Fahrerossenschaften) will receive only 25 percent of the previous monthly fuel allocation.
2. The sales of gasoline by the MO (Trade Organizations) in Oranienburg will be suspended, starting 1 September 1952. From 20 to 26 August the filling stations in Oranienburg honored gasoline ration coupons only for trucks hauling milk, food and cattle.¹

- 25X1 1. Current. This is probably only a temporary shortage of fuel caused by the increased consumption, particularly of Diesel fuel, during the harvest season.
